(Year: 2005) Description: **Hino with A M Haire body. Turn key. Drive it home today. Just refreshed and ready to work — new cylinder head, new headlights, LED lights all around and brand new Falken tires with under 3,000 miles on them. Over \$3000 in rubber alone. Engine runs like new. Zero deferred maintenance. Fleet maintained its entire life. This is not a beat-up freight truck with DEF problems. No DEF. No DPF. No emissions nightmares. Any mechanic, any shop, no computer required. Simple pre-emissions diesel that starts every morning and does its job. Bring your mechanic if you want, he'll love it. The 26-foot mover's van body alone costs \$20,000–\$25,000 installed new. It's included. You're not finding this combination — purpose-built moving truck, pre-emissions, fully refreshed — anywhere at this price. Perfect for moving companies, delivery operators, or any small business needing a reliable box truck that won't nickle and dime you to death. \$18,900 OBO Cash. No trades. First come first served. Relisted at new price refle**
