(Year: 2017) Description: The Freightliner Business Class M2 is a dependable and versatile box truck in the Class 6 category. With a Gross Vehicle Weight (GVW) rating of 19501 to 26000 pounds, this 2017 model is designed for heavy-duty commercial use. Despite its mileage of 183,000 miles, Freightliner trucks are known for their durability and reliability on the road. The Business Class M2 offers a spacious and comfortable cabin for drivers, with ergonomic seating and controls for long hauls. The interior features modern amenities and technology to enhance the driving experience. The exterior design is sleek and aerodynamic, maximizing fuel efficiency and performance. As a box truck, the Freightliner Business Class M2 provides ample storage space for transporting cargo of various sizes. The sturdy construction of the truck ensures that your goods will stay secure during transit. The versatility of the M2 makes it an ideal choice for businesses in need of a dependable and efficient delivery vehicle. This Freightliner model is well-suited for a range of industries, including transportation, logistics, and distribution. Its powerful engine and smooth handling make it a top choice for businesses looking to streamline their operations. With proper maintenance and care, the Freightliner Business Class M2 can continue to perform at a high level for years to come. Overall, the Freightliner Business Class M2 is a reliable and practical box truck that is built to handle the demands of commercial use. Whether you are transporting goods locally or across long distances, this truck offers the performance and durability you need to get the job done.
